# PROFESSIONAL LEARNING: COHERENCE AND CAPACITY BUILDING

AWSA has identified **six “core pillars”** that are the focus of our professional learning opportunities. AWSA maintains these pillars by annually reviewing: administrative standards, research on high-impact leadership practices, and member input.

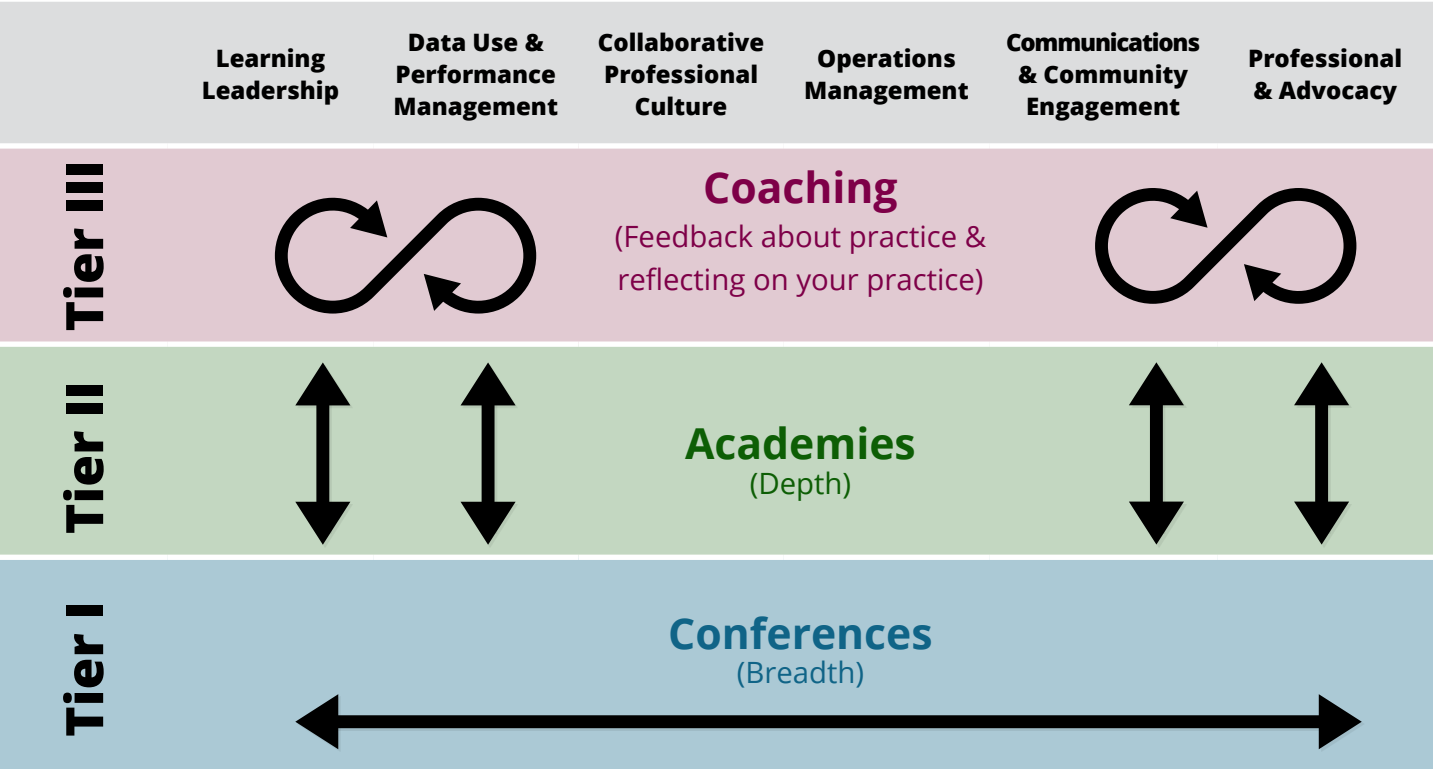

These pillars include:

- Learning Leadership
- Data Use and Performance Management
- Collaborative Professional Culture
- Operations Management
- Communications and Community Engagement
- Professionalism and Advocacy

## Capacity Building: Three Tiers of Professional Learning

AWSA provides tiered opportunities to meet school leaders’ full range of learning needs:

- Tier I - “Conferences”** provide professional learning, information and networking opportunities across the administrator standards (breadth).
- Tier II - “Academies”** provide focused training on targeted pillars and related high-leverage practices and competencies for leaders (depth).
- Tier III - “Coaching”** to further equip leaders with tools and strategies to lead effectively.

# WHICH ACADEMY IS RIGHT FOR ME?

## AWSA Academies

Over time at AWSA, we have developed a number of academies that provide a depth of learning and growth for education leaders in the most complex areas of the work. Each of these academies involves a series of sessions designed to help participants engage deeply in their learning, with enough opportunity to apply and integrate what they are learning throughout the series so that such efforts can meaningfully take hold in local leadership action. Given many leadership demands, choosing the most appropriate route for deep learning and support can often present considerable challenges.

We have designed the following table to help leaders think through their greatest local needs and then consider the AWSA academy that would best address that need.

If your identified need is __,	Then consider the ____.
A) Gaining support and coaching as an administrator in your first year of service.	New Building Administrators Academy
B) Shifting from surviving as an administrator to thriving as an effective and balanced learning leader who is developing a learning organization.	Building Effective Leadership Academy
C) Promoting self-actualization of experienced learning leaders to ensure schools of equity and excellence that leave a lasting legacy.	Mastering Leadership Academy
D) Implementing or sustaining professional learning communities as a means to ensure high levels of student achievement and engagement.	Leading Professional Learning Communities
E) Analyzing and deeply problem-solving the complex challenges of equity to address persistent achievement gaps, however they are manifested within your local community.	Leading for Equity Academy
F) Improving literacy practices in your building and creating systems to ensure the success of all students.	Leading Literacy Academy
G) Developing the capacity to provide coaching and feedback that is aligned to high expectations, standards, and research-based effective instructional practices.	Impactful Coaching Academy: Advancing Your Skills
H) Supporting building leaders to reflect on their impact utilizing a continuous improvement mindset.	Supporting Principal Excellence
I) Improving school/community mental health through a systems approach.	Comprehensive School Mental Health Academy
J) Building focus and coherence of your system's continuous improvement agenda into related short-term cycles of intentional action and progress monitoring.	School Administrators Institute for Transformational Leadership (SAIL)

# INFORMATION AND NETWORKING

## Powerful Publications

AWSA's Update Bulletin is our electronic newsletter, emailed to members every other week. The bulletin contains up-to-date state news, professional articles, DPI news, legal updates, and professional development

The Update is available in Elementary, Secondary, and District editions to best suit your needs and interests. The most current Update and archived articles can be found at [www.awsa.org/awsa-update-bulletin](http://www.awsa.org/awsa-update-bulletin).

## Wisconsin Education News

A daily compilation of news stories is sent right to your inbox, Monday through Friday, giving you a statewide perspective on legal, budgetary, and regulatory issues, as well as success stories and award-winning programs. The Wisconsin Education News is also posted daily on the AWSA website.

Once a month, AWSA brings you **THE MAIN IDEA** which creates an 8-page summary of a current education book each month. This summary contains the core ideas of the book, and organizes those ideas with enough accompanying details and examples so you can have a working knowledge of its content.

At the end, THE MAIN IDEA includes a full page of suggestions for ways to use the ideas in the book for professional development of your staff.

Every week AWSA brings you the **Marshall Memo**. Published since 2003, it is designed to keep principals and other educators well-informed on current research and best practices in the field. Kim Marshall, drawing on his experience as a teacher, principal, central office administrator, consultant, and writer, lightens the load of busy educators by serving as their "designated reader."

## Marshall Memo

To produce the Marshall Memo, Kim subscribes to 44 carefully-chosen publications and looks through scores of articles each week to select 5-10 that have the greatest potential to improve teaching, leadership, and learning. He then writes a brief summary of each article, provides links to full articles when available, and highlights a few striking quotes.

## Online Forums

Providing opportunities for busy leaders to network is important to us at AWSA. Google Currents Communities are provided to members as a venue to pose a question, learn from others and engage with principals across our state. Join any one of the existing communities and begin networking today!

## LEGAL INFORMATION AND SUPPORT: TELEPHONE CONSULTATION AND LEGAL FEE REIMBURSEMENT

Educational leadership requires staying on the right side of a wide variety of state, federal and local laws and regulations. AWSA members receive regular legal updates and access to legal presentations—and they may call our attorney on any job-related legal issues that may arise within their schools or districts. This unlimited service is available at no additional cost to regular members.

In addition, members are eligible for up to \$1,500 legal fee reimbursement for employment-related legal services.

## COMMUNICATIONS INFORMATION AND SUPPORT: CRISIS RESPONSE, TOOLS AND TEMPLATES

Effective school leaders engage stakeholders in meaningful ways to promote student success. The following resources support you in this important work.

- **Crisis Communications:** One of the most important aspects of dealing with a crisis is knowing what to communicate, along with to whom and how. With this in mind, [the Donovan Group](#), an education-focused communications firm, provides crisis communications support to AWSA members.
- **Communication Tools:** Are you maximizing your website, social media and other communications tools to engage key stakeholders in support of your students? AWSA maintains tools that will help you assess your communication strengths and help identify areas of growth.
- **Communication Templates:** Working with the Donovan Group AWSA monitors social media issues impacting schools and provides templates for school leaders to use in communicating with their students, parents, and communities.

## CAREER SUPPORT

School leadership matters. School principals influence the school culture and the instructional quality of whole systems of teachers. Leaders' effect on students contributes to twenty-five percent of the total school influences on students' academic performance. Therefore, school districts have an enormous interest to attract, retain and continually improve strong school leaders.

AWSA provides the following resources for school leaders to thrive in the profession:

- Leadership vacancy portal,
- Resume review and interview preparation,
- Sample administrative contract language, compensation data, and contract review.

## ADVOCACY

At the state level, AWSA is a proud member of the Wisconsin School Administrators Alliance. While at the national level, AWSA works closely with both of our national affiliates government relations teams (The National Association of Elementary School Principals and the National Association of Secondary School Principals).

AWSA members are actively involved with developing policy recommendations and advocating for those recommendations to become law.
